

Earlsmead Primary School

Safeguarding Newsletter

Summer Term 2023

Dear Parents and Carers,

At Earlsmead Primary School, safeguarding and promoting the welfare of children is **everyone's responsibility** and our top priority. Please read this newsletter to help ensure the children stay safe over the extended summer holidays. This edition looks closely at eSafety.

Please do use the 'golden number' if you need to report anything urgently: **020 8901 2690**

Ms Graham

Steps to Keep Your Child Safe Online

1. Prevent Issues

Have computers kept in shared, family spaces. Do not allow devices beyond bed time. Set controls so that you can monitor the content being accessed.

2. Have an ongoing conversation:

Continue to talk about the apps, games and sites they like to use, and what they like and don't like and any concerns about being online.

Discuss with them when to unfollow, block or report. In cases of cyberbullying or unwanted contact, follow these steps:

1. Don't reply or respond.
2. Tell a trusted adult. <https://reportharmfulcontent.com/>
3. Save it, don't delete. This could be vital evidence.

For help starting this conversation, follow the link: <https://saferinternet.org.uk/blog/having-an-open-and-honest-conversation-about-online-safety-5-questions-for-parents>

3. Make sure they know where to go for support:

Remind your child they can always speak to you or an adult they trust if anything happens online that makes them feel worried or upset.

Remind them that they won't be in trouble at that you are there to help. For a breakdown of report services, visit: <https://www.internetmatters.org/report-issue/>

Useful online safety websites for parents:

4. Stay up to date—National Online Safety:

- Safety guides on ALL aspects of internet use [https://nationalonlinesafety.com/Internet Matters](https://nationalonlinesafety.com/InternetMatters)
- A wide range of online safety advice for parents to keep their children safe online <https://www.internetmatters.org/>

UK Chief Medical Officers' advice for parents and carers on Children and Young People's screen and social media use

Technology can be a wonderful thing but too much time sitting down or using mobile devices can get in the way of important, healthy activities. Here are some tips for balancing screen use with healthy living.

Sleep matters

Getting enough, good quality sleep is very important. Leave phones outside the bedroom when it is bedtime.

Sharing sensibly

Talk about sharing photos and information online and how photos and words are sometimes manipulated. Parents and carers should never assume that children are happy for their photos to be shared. For everyone – when in doubt, don't upload!

Education matters

Make sure you and your children are aware of, and abide by, their school's policy on screen time.

Keep moving!

Everyone should take a break after a couple of hours sitting or lying down using a screen. It's good to get up and move about a bit. #sitlessmovemore

Safety when out and about

Advise children to put their screens away while crossing the road or doing an activity that needs their full attention.

Talking helps

Talk with children about using screens and what they are watching. A change in behaviour can be a sign they are distressed – make sure they know they can always speak to you or another responsible adult if they feel uncomfortable with screen or social media use.

Family time together

Screen-free meal times are a good idea – you can enjoy face-to-face conversation, with adults giving their full attention to children.

Use helpful phone features

Some devices and platforms have special features – try using these features to keep track of how much time you (and with their permission, your children) spend looking at screens or on social media.

Tik Tok Advice for Parents: <https://nationalonlinesafety.com/wakeupwednesday/what-parents-need-to-know-about-tiktok>

At National Online Safety we believe in empowering parents, carers and trusted adults with the information they need to hold an informed conversation about online safety with their children, should they feel it is needed. This guide focuses on one platform of many which we believe trusted adults should be aware of. Please visit www.nationalonlinesafety.com for further guides, hints and tips for adults.

TikTok is a video-sharing social media app available on iOS and Android which lets users create, share, and view user created videos in a similar manner to Facebook, Instagram and Snapchat. Its main draw, however, is that users can record and upload bite-sized looping videos of themselves lip-syncing and dancing to popular music or soundbites, often for comedic effect, which can then be further enhanced with filters, emojis and stickers. TikTok has been designed with the young user in mind and has a very addictive appeal. At the beginning of 2019 it skyrocketed in popularity and has featured near the top of download charts ever since. Estimates suggest that it now has anything between 500 million and over 1 billion monthly active users worldwide.

What parents need to know about

TIKTOK

AGE-INAPPROPRIATE CONTENT

On the iOS store, TikTok is listed as 12+. On the Google Play Store it is rated as 'Parental guidance recommended'. When signing up to the app, it's possible to lie about your age without any form of verification. As children scroll through their feed, most of the videos they're likely to come across are light-hearted or designed to make people laugh. However there have been a number of videos reported for featuring drug and alcohol abuse, self-harm and young teens engaging in sexually suggestive content. More recently, suicide-themed related videos have been widely circulated. Given the deluge of material uploaded to TikTok every day, it's impossible to moderate everything and it can be common to come across explicit and age-inappropriate content on the 'for you' feed when logging into the platform.

INAPPROPRIATE MUSIC

TikTok revolves around creating music videos through lip-syncing and dancing. Inevitably, some of the music featured by users will contain explicit or suggestive lyrics. Given the undeniably young user base, there is a risk that children may look to imitate the explicit language they hear or the suggestive actions they see when viewing others user's videos on the app.

TIKTOK FAME

TikTok is very image focused and there is a notable preoccupation with appearing cool and attractive. Many teenagers now attempt to go viral and become what's known in-app as 'TikTok famous'. TikTok (and its predecessor musical.ly) has spawned its own celebrities - social media stars Loren Gray and Jacob Sartorius have been catapulted to fame through their initial exposure on the app. Obviously, most budding influencers looking to become the next big thing will be disappointed, but this may have the knock-on effect of making them go to more and more drastic lengths to get noticed.

ONLINE PREDATORS

As a social network, TikTok makes it easy to connect with other users. This includes the ability to comment on and react to other user's videos, follow their profile and download their content. Be aware that by default, any user can comment on your child's video if their account is set to public. Most interactions are harmless enough but as an app, TikTok is prone to predators because of the abundance of younger users.

ADDICTIVE NATURE

Social media is designed to be addictive and TikTok is no different. It can be fun and hugely entertaining. However, it is also because of this that it can be hard to put down. In addition to the short, punchy nature of the looping video format, the app's ability to keep you guessing what will come on screen next makes it easy to turn a five-minute visit into 45-minute visit.

IN-APP PURCHASES

Aside from the content, there's also the option to purchase in-app extras called 'TikTok coins'. Prices range from £0.99 for 100 coins to an eye-watering £93.99 for 10,000 coins. TikTok coins are used to purchase different emojis to reward content creators that a user finds funny or entertaining. In the iOS version of the app you can disable the option to buy TikTok coins but this sadly doesn't seem to be a feature in the Android version.

Safety Tips for Parents

TALK ABOUT ONLINE CONTENT

Assuming your child is above the age limit to use TikTok, make sure you take the time to talk to them about what they are seeing on the app. Have an open dialogue, get them to give you their opinion on what is appropriate and model the correct behaviour. Go over why they shouldn't give out private information or identifiable photos and be positive and understanding. In the long run, getting them to think critically about what they're seeing goes a long way to keeping them social media savvy.

USE PRIVACY SETTINGS

Undoubtedly, the easiest way to safeguard your child on TikTok is to make sure their account is set to private. This means only those users your child approves can view, like, and follow their content. Setting the account to private may clash with your child's goal of social media stardom, but it will keep their account secure from strangers. This setting can be enabled under the privacy and safety menu by pressing the ellipsis in the 'me' tab of the app. To be extra safe, there are additional controls available to toggle such as who can send comments and messages, among other options.

ENABLE RESTRICTED MODE

In the digital wellbeing section there's the ability to turn on restricted mode using a PIN. Restricted mode filters out content that is not age appropriate although it should be noted that this isn't always 100% fool proof. When enabling restricted mode, parents should still be vigilant to what their child is watching and take note that the algorithm moderating content is not infallible.

MONITOR VIEWING HABITS

Even if it doesn't make you popular, keep a close eye on what your child is viewing and sharing on TikTok. Whilst the app has moderation tools, videos can still slip through the net so it's important to regularly check in on what they're watching. Understanding and learning the app yourself is a great way to get to grips with it. You could then even watch some videos with your child, turning it into a bonding opportunity also.

LEARN HOW TO REPORT AND BLOCK INAPPROPRIATE CONTENT

With the proper privacy settings in place, TikTok can be a relatively safe space for your child to express themselves. However, in case something does manage to slip through, make sure your child knows how to recognise and report content that isn't appropriate and get them to come to you about what they have seen. TikTok allows users to report offenders and comments within the app. You can also block individual users by going on their profile.

MODERATE SCREEN TIME

As entertaining as TikTok is, you can help your child moderate their time on the app by making use of the digital wellbeing section. Under the screen time management option, you can limit the daily allotted time allowed on the app in increments ranging from 40 to 120 minutes. You can also lock this preference behind a PIN number which has to be inputted in order to then exceed the daily time limit. This way your child can get their daily dose of memes without wasting away the day.

Meet our expert

FAMILY SAFETY MODE

TikTok Family Safety Mode allows parents to link their own TikTok account to their child's. It's a great way to oversee your child's digital wellbeing by giving you direct control over their safety settings and being able to remotely turn features on and off. This includes managing screen time, the ability to send and receive direct messages (and with whom) and the ability to restrict the appearance of content that might not be age appropriate.

What children need to know about

ONLINE BULLYING

What is online bullying?

ONLINE BULLYING – ALSO KNOWN AS CYBERBULLYING – IS BULLYING THAT TAKES PLACE ON THE INTERNET OR VIA ELECTRONIC DEVICES AND MOBILE PHONES. IT CAN INCLUDE:

1. SENDING SOMEONE MEAN OR THREATENING EMAILS, DIRECT MESSAGES OR TEXT MESSAGES
2. HACKING INTO SOMEONE'S ONLINE ACCOUNT
3. BEING RUDE OR MEAN TO SOMEONE WHEN PLAYING ONLINE GAMES
4. POSTING PRIVATE OR EMBARRASSING PHOTOS ONLINE OR SENDING THEM TO OTHERS
5. CREATING FAKE SOCIAL MEDIA ACCOUNTS THAT MOCK SOMEONE OR TRICK THEM
6. EXCLUDING SOMEONE FROM AN ONLINE CONVERSATION OR BLOCKING THEM FOR NO REASON

BE KIND ONLINE

BEFORE PRESSING 'SEND' ON COMMENTS, ASK YOURSELF THESE 3 QUESTIONS...

1. WHY AM I POSTING THIS?
2. WOULD I SAY THIS IN REAL LIFE?
3. HOW WOULD I FEEL IF SOMEBODY SAID THIS TO ME?

National
Online
Safety

#WakeUpWednesday

Why does it happen?

GOING ONLINE MAKES IT EASIER FOR PEOPLE TO SAY AND DO THINGS THEY PROBABLY WOULDN'T DO FACE TO FACE. ONLINE BULLIES DON'T GET TO SEE THEIR VICTIMS' REACTIONS IN REAL LIFE, SO THIS CAN COOON THEM FROM THE REAL DAMAGE THAT THEY ARE DOING. QUITE OFTEN, PEOPLE BULLY BECAUSE THEY ARE GOING THROUGH SOMETHING DIFFICULT THEMSELVES AND TAKING IT OUT ON OTHERS IS THE ONLY WAY THEY KNOW HOW TO GET CONTROL OF THEIR OWN EMOTIONS.

How does it feel to be bullied?

BEING BULLIED CAN IMPACT ON YOUR SELF-ESTEEM, CONFIDENCE AND SOCIAL SKILLS. BECAUSE IT HAPPENS ON YOUR PHONE, TABLET OR COMPUTER, IT CAN FEEL LIKE YOU ARE UNDER THREAT EVEN WHEN YOU'RE IN A SAFE ENVIRONMENT, SUCH AS YOUR BEDROOM. DON'T FORGET...IT IS NOT YOUR FAULT IF YOU'RE BEING BULLIED.

Am I an online bully?

SOMETIMES IT ISN'T OBVIOUS THAT WHAT YOU ARE DOING IS WRONG, BUT IF YOU USE DIGITAL TECHNOLOGY TO UPSET, ANGER OR EMBARRASS SOMEONE ON PURPOSE, THIS MEANS YOU'RE INVOLVED IN ONLINE BULLYING. IT MIGHT BE AS SIMPLE AS 'LIKING' A MEAN POST, LAUGHING AT AN ONLINE VIDEO, OR SPREADING A RUMOUR. BUT THE PERSON BEING BULLIED COULD FEEL LIKE THEY ARE BEING GANGED UP ON. THINK ABOUT HOW IT WOULD MAKE YOU FEEL IF IT HAPPENED TO YOU. EVERYONE CAN MAKE MISTAKES, BUT IT'S IMPORTANT TO LEARN FROM THEM – GO BACK AND DELETE ANY UPSETTING OR NASTY POSTS, TWEETS OR COMMENTS YOU'VE WRITTEN.

Who do I tell?

YOU DON'T HAVE TO DEAL WITH THE BULLYING ON YOUR OWN. TALK TO AN ADULT THAT YOU TRUST – A PARENT, GUARDIAN, OR TEACHER. MOST WEBSITES, SOCIAL MEDIA WEBSITES AND ONLINE GAMES OR MOBILE APPS LET YOU REPORT AND BLOCK PEOPLE WHO ARE BOTHERING YOU. YOU COULD ALSO CONTACT CHILDLINE (WWW.CHILDLINE.ORG.UK), WHERE A TRAINED COUNSELLOR WILL LISTEN TO ANYTHING THAT'S WORRYING YOU – YOU DON'T EVEN HAVE TO GIVE YOUR NAME.

How do I prove it?

WHEN CYBERBULLYING HAPPENS, IT IS IMPORTANT TO DOCUMENT AND REPORT THE BEHAVIOUR, SO IT CAN BE ADDRESSED – RECORD THE DATES AND TIMES WHEN CYBERBULLYING HAS OCCURRED, AND SAVE AND PRINT SCREENSHOTS, EMAILS, AND TEXT MESSAGES.

How can I stay safe?

MAKE SURE YOUR PRIVACY SETTINGS ARE SET SO THAT ONLY PEOPLE YOU KNOW AND TRUST CAN SEE WHAT YOU POST. NEVER GIVE OUT PERSONAL INFORMATION ONLINE, SUCH AS IN PUBLIC PROFILES, CHAT ROOMS OR BLOGS, AND AVOID FURTHER COMMUNICATION WITH THOSE SENDING THE MESSAGES. KEEP AWARE OF FAKE PROFILES AND INTERNET USERS PRETENDING TO BE SOMEONE THAT THEY ARE NOT.

As we head into the summer holidays, we may find our children online more or having more screen time. Childnet have produced this blog, which includes how to help your child with managing their screen time:

<https://www.childnet.com/help-andadvice/screen-time-boundaries-parents/>

You may also be looking for activities to do with your child. Google and Parent Zone have produced some great resources that are free to download. They include a mix of online and offline activities, such as asking them to create a poster to show what they would do if they were worried about something they see online. You can access all the resources here:

<https://www.parents.parentzone.org.uk/download>

BE SMART ONLINE

S

SAFE

Keep your personal information safe. When chatting or posting online don't give away things like your full name, password or home address. Remember personal information can be seen in images and videos you share too. Keep them safe to keep yourself safe.

M

MEET

Meeting up with someone you only know online, even a friend of a friend, can be dangerous as this person is still a stranger. If someone you only know online ever asks you to meet up, for personal information – or for photos/videos of you then tell an adult straight away and report them together on www.thinkuknow.co.uk

THINK
U
KNOW

A

ACCEPTING

Think carefully before you click on or open something online (e.g. links, adverts, friend requests, photos) as you never know where they may lead to or they may contain viruses. Do not accept something if you are unsure of who the person is or what they've sent you.

R

RELIABLE

You cannot trust everything you see online as some things can be out of date, inaccurate or not entirely true. To find reliable information compare at least three different websites, check in books and talk to someone about what you have found.

T

TELL

Tell a trusted adult if something or someone ever makes you feel upset, worried or confused. This could be if you or someone you know is being bullied online. There are lots of people who will be able to help you like your teachers, parents, carers or contact Childline – 0800 11 11 or www.childline.org.uk

BE SMART WITH A HEART

Remember to always be smart with a heart by being kind and respectful to others online. Make the internet a better place by helping your friends if they are worried or upset by anything that happens online.
